An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Thomas Payne on 6-7-06.

On line 4 of claim 43, -- the body portion and the neck portion being operably connected such that one is not separable from the other, -- has been inserted before "the neck".

On line 4 of claim 54, -- the body portion and the neck portion being operably connected such that one is not separable from the other, -- has been inserted before "the neck".

The first paragraph of the specification has been amended as follows:

The subject application is a divisional of 10/208,492 filed July 30, 2003 2002, now abandoned, which is a continuation of U.S. Application Serial No. 09/553,982 filed April 20, 2000, now U.S. Patent 6,458,269, and are hereby incorporated by reference.

On line 20 of page 10 of the specification:

-- Accordingly, the body portion and the neck portion are operably connected such that one is not separable from the other. -- has been inserted after "art."--.

The following is an examiner's statement of reasons for allowance:

Giordano et al taken in combination with Thomsen is considered the closest prior art with respect to claims 43 and 54, however, the references fail to teach or suggest the limitation of the body portion and the neck portion being operatively connected such that one is not separable from the other as recited in claims 43 and 54.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Matthew O. Savage whose telephone number is (571) 272-1146. The examiner can normally be reached on Monday-Friday, 7:00am-3:30pm.
